Report: Enhanced policy scenarios for major emitting countries – which additional actions could major emitting countries take to raise ambition? PBL, NewClimate Institute, Ecofys, IIASA.

<http://newclimate.org/2015/05/12/enhancing-ambition-in-the-major-emitting-countries-2/>

Update: Possible emission reductions from applying good practice policies globally. To be released in June

Report: Assessing the missed benefits of countries' national contributions.

Quantification of reduced fossil fuel imports, health benefits from lower air pollution and jobs. NewClimate Institute.

<http://newclimate.org/2015/03/27/indc-cobenefits/>

Side event: Preparation and assessment of intended nationally determined contributions (INDCs). Research institutions will provide latest insights on progress in preparation of INDCs, process and methodologies for assessing INDCs, options to increase ambition pre and post 2020 as well as the impact of international cooperative initiatives on emissions of countries. PBL, NewClimate Institute.

Friday, 05 Jun 2015, 18:30—20:00, Bonn III

UNEP emissions gap report 2015: NewClimate Institute undertakes INDC assessment and provides technical support

Side event: Friday, 05 June 15.00 – 16.30, Bonn III

A future international agreement on climate change

Report: How can the new climate agreement support robust national mitigation targets? - Opportunities up to Paris and beyond. NewClimate Institute, Wuppertal Institut, Öko-Institut, Fraunhofer ISI, Climate Analytics, Ecofys.

To be published in June

Report: ACT 2015 suggestions for legal text for a 2015 climate change agreement. WRI, Ateneo School of Government, E3G, NewClimate Institute, Ecofys, Energeia, Institute for European Studies, PBL, Tsinghua University,

<http://www.wri.org/publication/act2015-suggestions-for-the-legal-text>

Side event: Tuesday, 02 Jun 2015, 18:30—20:00, Kaminzimmer

Climate finance

Project: defining 2°C compatible investment criteria: development of guidance and criteria to make investments in physical assets 2°C compatible. NewClimate Institute, Germanwatch, 2° investing initiative.

Report to be published in June

Carbon market mechanisms

Report: Analysing the status quo of CDM projects. NewClimate Institute, Ecofys.

<http://newclimate.org/2015/05/16/analysing-the-status-quo-of-cdm-projects/>

Report: Results based financing - best of the two worlds of climate finance with carbon markets. NewClimate Institute.

To be published in June

International cooperative initiatives

Side event: Galvanizing the Groundswell of Climate Action for Success at Paris and beyond. Oxford University, DIE, TERI, NewClimate Institute, UNEP.

Saturday, 06 June 2015, 13:30-14:45, Holzfoyer

Support on NAMAs preparation

Project: Sustainable energy production from biomass waste in Peru - Supporting the development of the NAMA proposal. Mitigation Momentum project. ECN, Ecofys, NewClimate Institute

The NewClimate Institute team has extensive experience in international climate policy and development. Our expertise covers a broad range of topics, from in-depth sector-specific insights to high level climate policies in the areas of **Climate negotiations**, **Carbon market mechanisms**, **Tracking climate action**, **Climate and development**, **Climate finance** and **Sustainable energy policy**. We have close links to research, with several team members also associated with universities.
